# 01 About Us

## Our History

Founded as part of United Brothers in 2004, our journey began with the local production of high-quality polished marble and granite. Over the years, we have built a strong reputation in Egypt for reliability, craftsmanship, and consistency. In 2010, driven by international demand and our passion for Egyptian natural stone, we established Egypt Premium Stone, a dedicated export arm focused on delivering the timeless beauty of Egyptian marble and granite to customers across Europe and beyond.

## Why Us?

**Egypt Premium Stone offers premium quality standards, how?**

- Blocks picked up from the quarries are carefully chosen
- Our machinery gets weekly maintained for quality control
- Our quality control team supervise in every production process
- Packed with care in a fully secured wood packaging
- Experience in logistics dealing with all types of shipping and payment terms in all of our ports

# 02 Mission & Vision

## Our Mission

At Egypt Premium Stone, our mission is to deliver the finest Egyptian marble and granite to the international market by combining decades of craftsmanship with modern logistics and personalized service. We aim to build lasting partnerships through transparency, quality assurance, and a deep respect for our clients' needs.

## Our Vision

To become a trusted global leader in exporting premium Egyptian marble and granite, renowned for quality, reliability, and the timeless elegance of our natural stone.

## Our Core Values

### 1. Quality Without Compromise

We are committed to delivering only premium-grade Egyptian marble and granite that meet or exceed European standards.

### 2. Integrity & Transparency

We build long-term trust with our partners through honest communication, clear pricing, and ethical business practices.

### 3. Customer-Centric Approach

We listen closely to our clients' needs and provide tailored solutions, ensuring satisfaction from quarry to delivery.

### 4. Consistency & Reliability

We ensure on-time delivery, uniform quality, and dependable service on every shipment, every time.

# 03 Materials

## Egypt Marble

At Egypt Premium Stone, we bring over 15 years of experience in marble and granite production to the international market. Our strength lies in managing the full production cycle—from carefully selecting raw blocks from **trusted** local quarries, to precision cutting, polishing, and finishing at our fully equipped facilities. With a **skilled** workforce, regular machine maintenance, and strict quality control at every stage, we ensure consistent, high-grade marble products tailored to the needs of European clients. Our hands-on approach, reliability, and long-standing presence in the local industry make us a trusted partner for **premium** Egyptian marble exports.

# Feather Sunny

## Specifications:

### Visual Characteristics:

**Appearance:** Light beige to creamy yellow

**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed

**Pattern:** Minimal veining, more uniform appearance than standard Feather Sunny

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size

**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)

**Uniqueness:** Rich, Organic Look

### Applications:

Ideal for feature walls & accent areas without overpowering other materials.

# Silvia Menia

## Specifications:

### Visual Characteristics:

**Appearance:** Light beige to creamy yellow with subtle horizontal veins

**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed

**Pattern:** Straight, linear veining

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size

**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)

**Uniqueness:** Elegant Linear Veining and Availability

### Applications:

Great for creating directional design flow (cladding/stairs)

# Sunny Light

## Specifications:

### Visual Characteristics:

**Appearance:** Pale beige to light cream  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Minimal veining, more uniform appearance than standard Feather Sunny

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Affordable Luxury

### Applications:

Perfect for large, repetitive surfaces like hotel flooring

# Sunny Yellow

## Specifications:

### Visual Characteristics:

**Appearance:** Rich yellow to golden beige with subtle to moderate fossil markings and veining  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Naturally varied with occasional dark veins or fossils

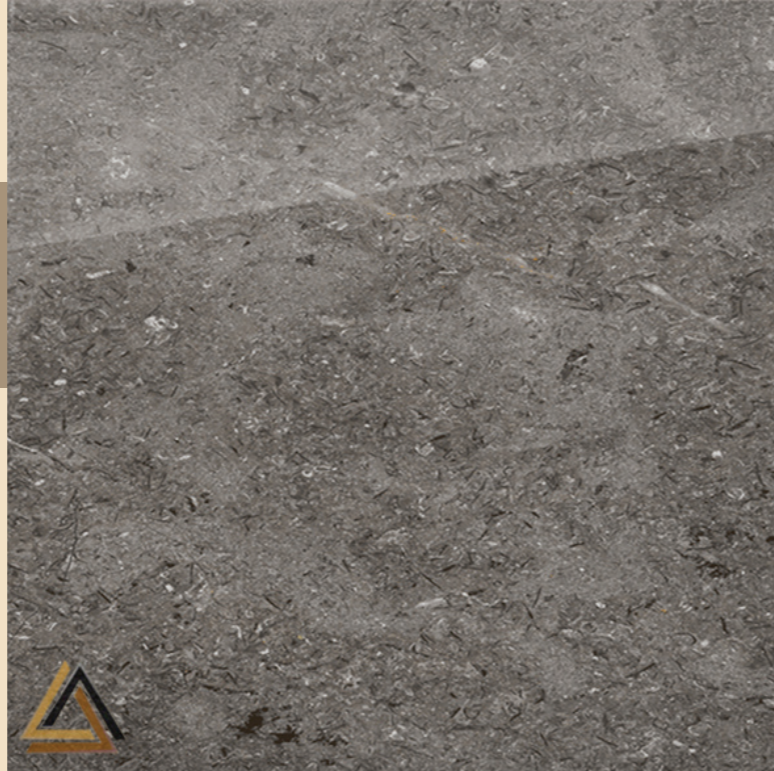

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Affordable Luxury

### Applications:

Ideal for bold interiors or traditional/Mediterranean projects

# Sinai Pearl Grey

## Specifications:

### Visual Characteristics:

**Appearance:** Medium grey with occasional beige undertones  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Subtle fossil markings and light sedimentary lines

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Naturally slip-resistant in matte or textured finishes

### Applications:

Ideal for contemporary flooring, modern facades, outdoor paving, steps, and commercial spaces

# Sinai Pearl Beige

## Specifications:

### Visual Characteristics:

**Appearance:** Light beige to warm cream  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Subtle natural fossil marks and mild grain movement

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Good resistance to weathering – suitable for Mediterranean climates, and cost effective

### Applications:

Great for flooring, wall cladding, stairs, facades, columns, landscaping

# Galala Classic

## Specifications:

### Visual Characteristics:

**Appearance:** Warm beige to creamy yellow with fossilized spots and mild veins  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Medium variation with visible fossil marks

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqueness:** Offers the best balance between quality and affordability

### Applications:

Ideal for flooring, wall cladding, stairs and risers, countertops and thresholds, and exterior paving (especially warm climate)

# Galala Extra

## Specifications:

### Visual Characteristics:

**Appearance:** Light creamy beige with soft golden hues  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Very uniform with fewer fossil marks

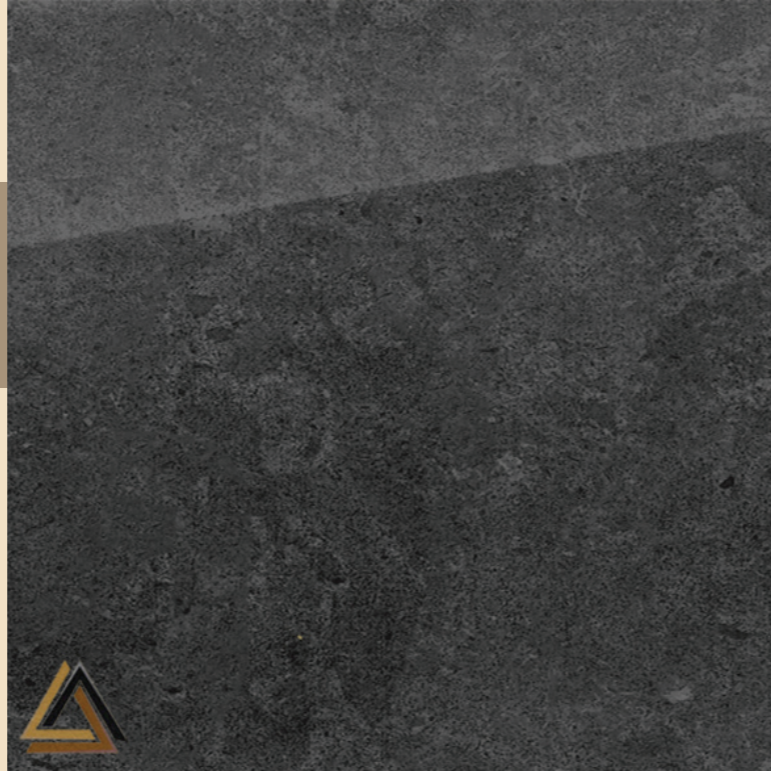

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqueness:** Stands out for its high uniformity and refined appearance

### Applications:

Perfect for luxury flooring, interior wall panels, countertops, bathroom vanities, lobbies, reception desks and elevators

# Milly Grey

## Specifications:

### Visual Characteristics:

**Appearance:** Medium grey with faint white or smoky veining  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Very subtle, linear or cloud-like veining

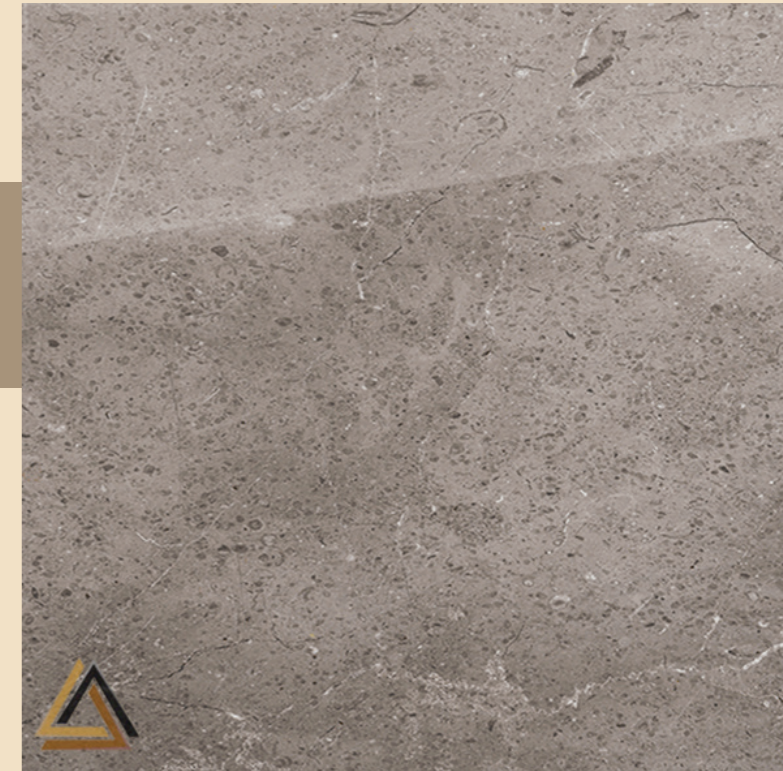

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqueness:** Ideal for modern architectural projects requiring consistency in tone and texture

### Applications:

Ideal for flooring and wall cladding in high-end kitchen, bathrooms and interior stairs, office buildings, hotels and retail

# Milly Brow

## Specifications:

### Visual Characteristics:

**Appearance:** Medium brown to light chocolate  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Uniform background with cloudy or flowing veins

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqueness:** Offers a luxurious, natural feel, making it ideal for premium interior designs

### Applications:

Great for luxury villa flooring, hotel lobbies, feature walls, high- end staircases, accent walls, spa and wellness interiors

# Halayeb

## Specifications:

### Visual Characteristics:

**Appearance:** Primarily white to pale grey base with fine black/grey flecks or speckles

**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flamed

**Pattern:** Uniform speckled pattern with occasional small veins

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size

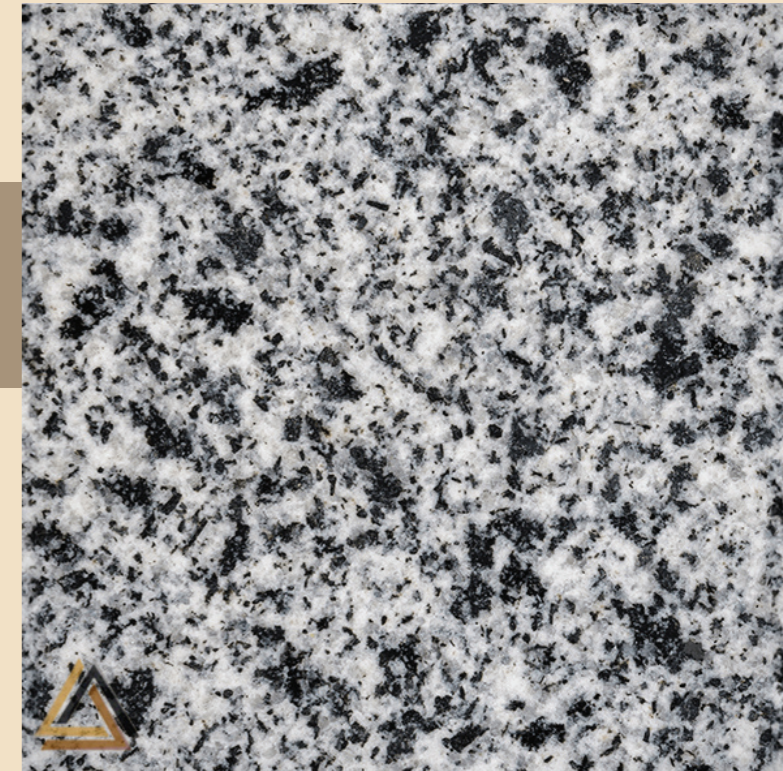

**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)

**Uniqueness:** Balanced neutrality with subtle texture, ideal for projects needing a bright aesthetic with moderate veining

### Applications:

Ideal for countertops, bathroom vanities, interior and exterior flooring, wall cladding, mosaic, fountains, stairs, window sills

# New Halayeb

## Specifications:

### Visual Characteristics:

**Appearance:** Bold speckled mix of black, white, and grey crystals set against a light grey-beige base

**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flamed

**Pattern:** Coarse crystal pattern with striking contrast

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size

**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)

**Uniqueness:** High abrasion resistance and striking contrast, combining elegance and durability

### Applications:

Ideal for kitchen countertops, high-traffic flooring, staircases, wall cladding, monuments, paving, columns, modern facades

# Rosa El Nasr

## Specifications:

### Visual Characteristics:

**Appearance:** Dominant pink-to-rose hue  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flamed  
**Pattern:** Medium-grain texture with balanced speckling

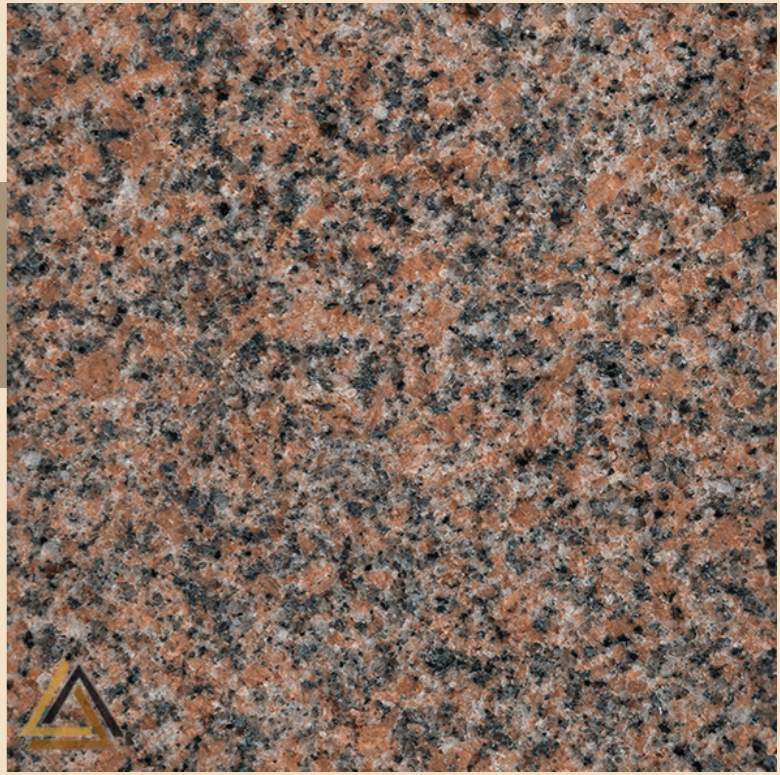

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Ideal for luxurious installations that require long-term durability and visual continuity across elements

### Applications:

Ideal for Kitchen and bathroom countertops, vanities, flooring, wall cladding, stairs, fireplaces, balustrades, mosaics, paving, and facades (Especially in weather-resistant finishes)

# Rosa Hoody

## Specifications:

### Visual Characteristics:

**Appearance:** Light red to deep rose with subtle flecks  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flamed  
**Pattern:** Fine to medium crystalline texture with understated mineral speckling

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Ideal where both durability and aesthetic uniformity are needed like in exterior architecture

### Applications:

Perfect for interior and exterior wall and floor coverings, stairs, fireplaces, copings, balustrades, ornamental features

# Red Forsan

## Specifications:

### Visual Characteristics:

**Appearance:** Rich red base tone with black, grey  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Fine to medium grain crystalline structure; consistent speckle distribution without strong veining

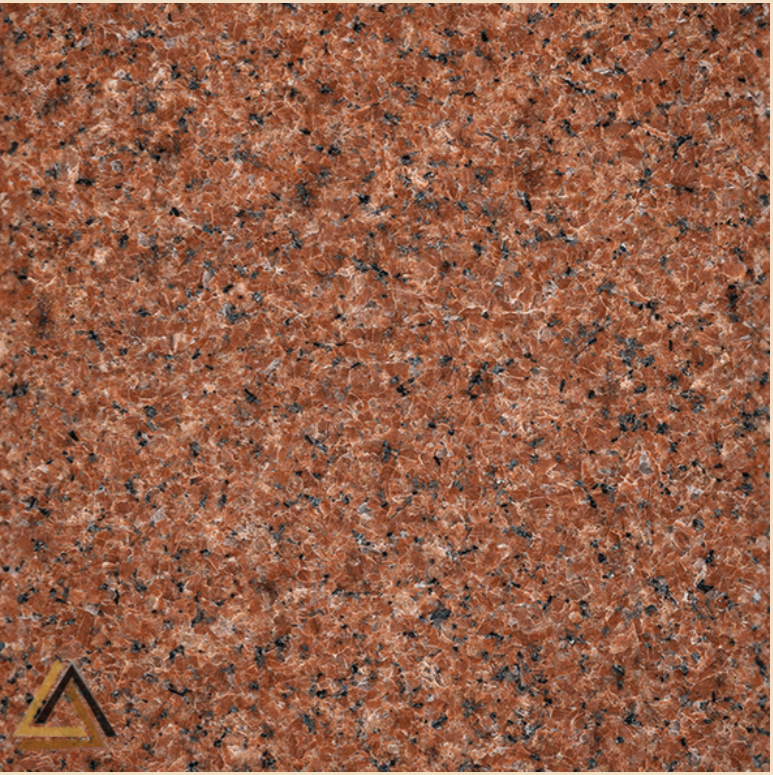

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Exceptional wear resistance and vibrant red tone—makes it a reliable choice for high-traffic, indoors and outdoors

### Applications:

Ideal for kitchen countertops, flooring, wall cladding, stair treads, fountains, pool coping, window sills, and exterior paving

# Royal Red

## Specifications:

### Visual Characteristics:

**Appearance:** Deep, uniform red color with minimal speckling  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Very consistent crystalline texture—limited variation or inclusions—offering a clean, high-end aesthetic

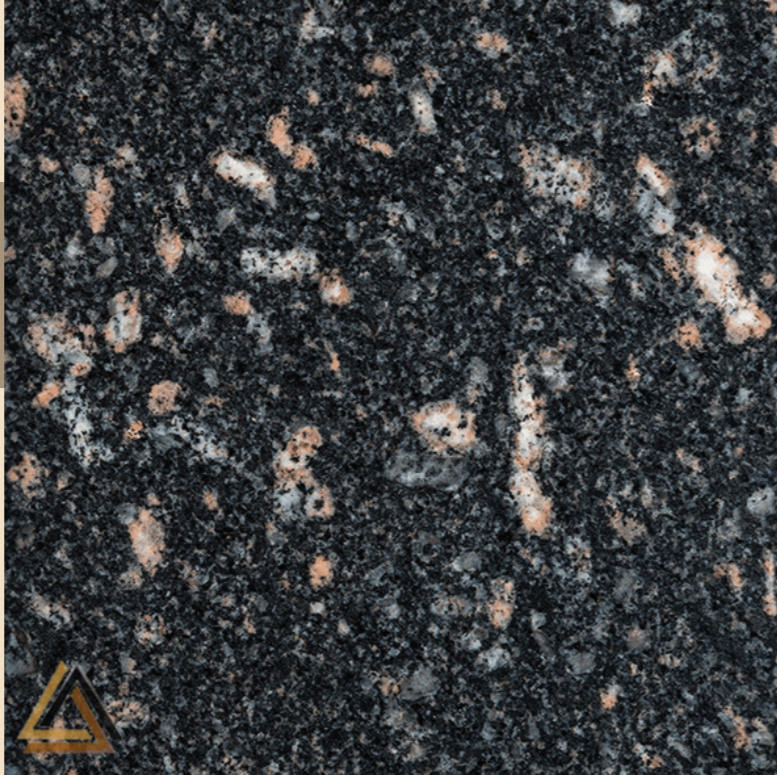

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Highly uniform red tone with premium grade visual purity, making it perfect for luxury projects

### Applications:

Perfect for high-end worktops, flooring, monumental cladding, architectural façades, stairs, fountains, and decorative elements

# Black Aswan

## Specifications:

### Visual Characteristics:

**Appearance:** Deep, uniform black base enriched with fine flecks of silver, white, and gold  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Fine crystalline speckled texture

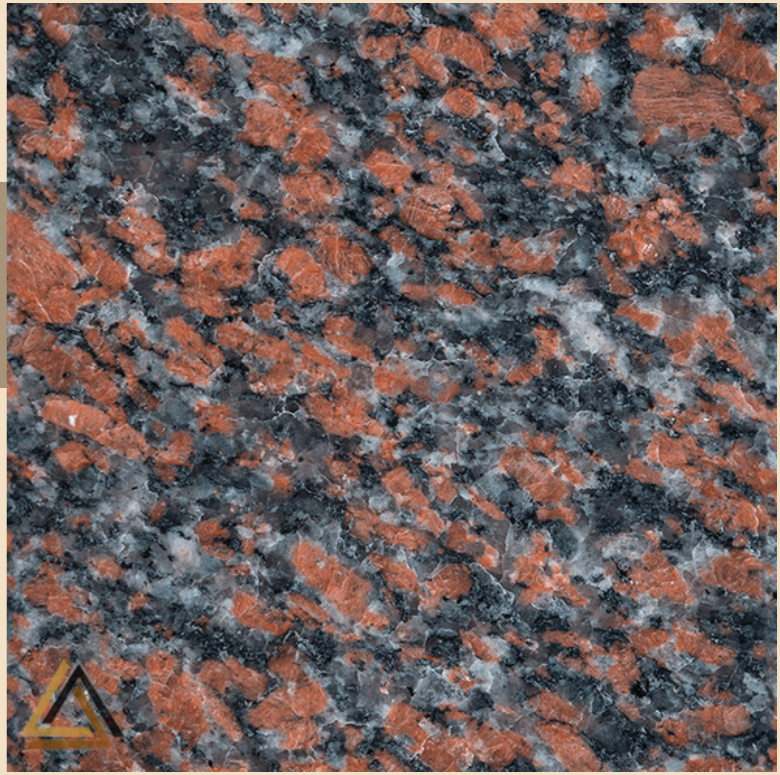

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Supreme durability paired with a sleek, deep-black aesthetic, making it ideal for luxury use and reseliency

### Applications:

Ideal for kitchen and bathroom countertops, flooring, wall cladding, staircases, monuments, hotel lobbies, and exterior paving

# Red Aswan

## Specifications:

### Visual Characteristics:

**Appearance:** Rich and vibrant red to reddish-brown base, interspersed with black and orange mineral speckles  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed  
**Pattern:** Coarse-to-very-coarse grain with uniform speckling

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Offers a luxurious, natural feel, making it ideal for premium interior designs

### Applications:

Great for countertops, flooring, wall cladding, stair treads, outdoor paving, garden features, and decorative architecture

# Gandolla

## Specifications:

### Visual Characteristics:

**Appearance:** Medium-to-dark grey with soft rose flecks  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flamed  
**Pattern:** Salt-and-pepper crystalline look with medium to coarse grain

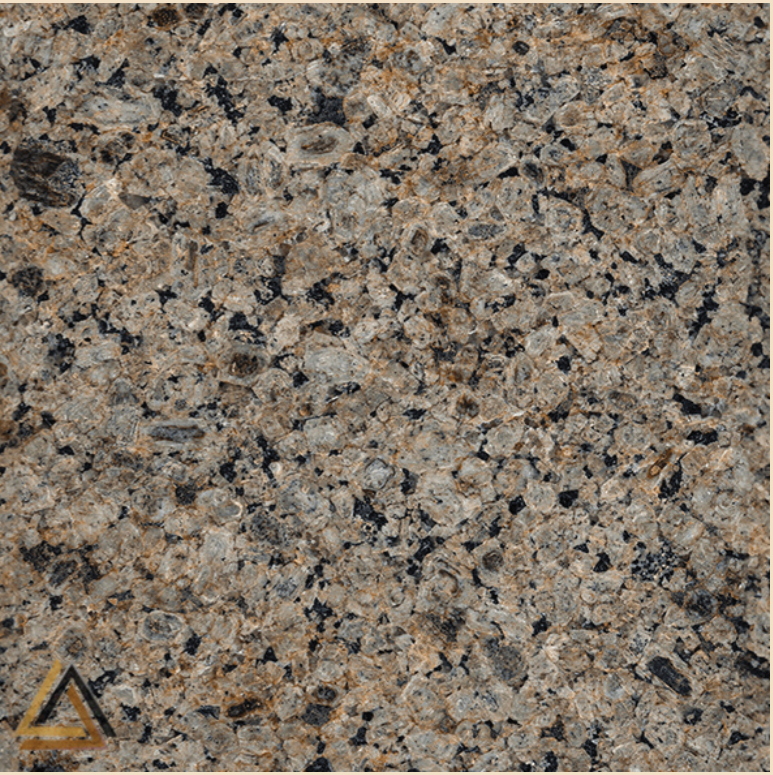

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** Exceptional strength and consistent uniformity, making it ideal for heavy-duty architectural installations

### Applications:

Perfect for countertops, kitchen islands, flooring, wall cladding, stairs, fireplaces, exterior paving, columns, landscaping

# Verdi Green

## Specifications:

### Visual Characteristics:

**Appearance:** Vivid green with subtle gold, or black speckles  
**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flamed  
**Pattern:** Medium grain crystalline texture with soft veining or speckling; adds depth while remaining harmoniously organic

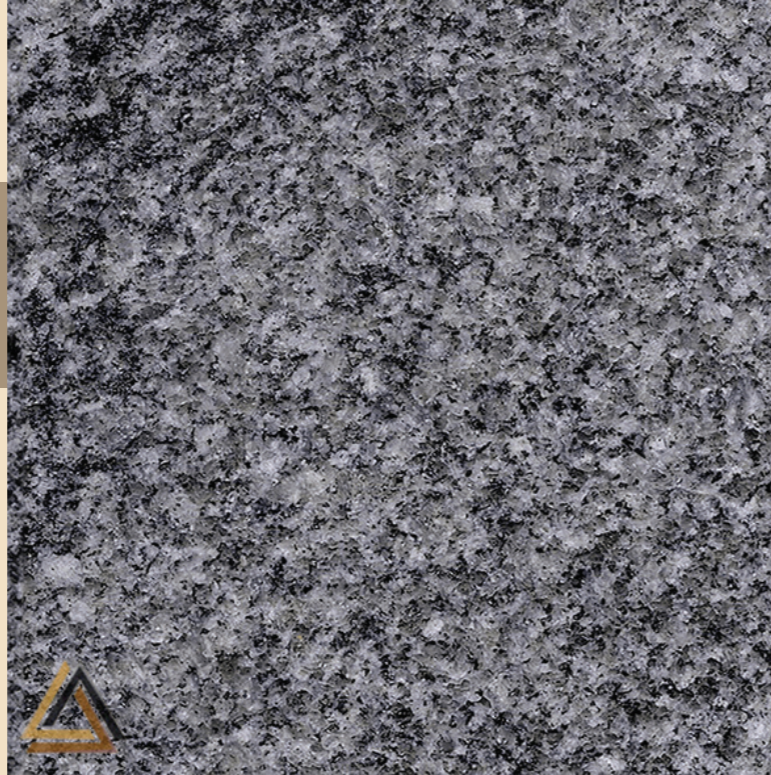

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size  
**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)  
**Uniqeness:** High compressive strength and sleek vibrant green tone, excellent for use in spa and hospitality features

### Applications:

Ideal for countertops, interior flooring, wall panels, poolsides, garden paving, fountains, facades, staircases, and accent walls

# Egy Grey

## Specifications:

### Visual Characteristics:

**Appearance:** Light to medium grey background with well-distributed fine black and white grains

**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed

**Pattern:** Uniform fine-to-medium crystalline with speckles

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size

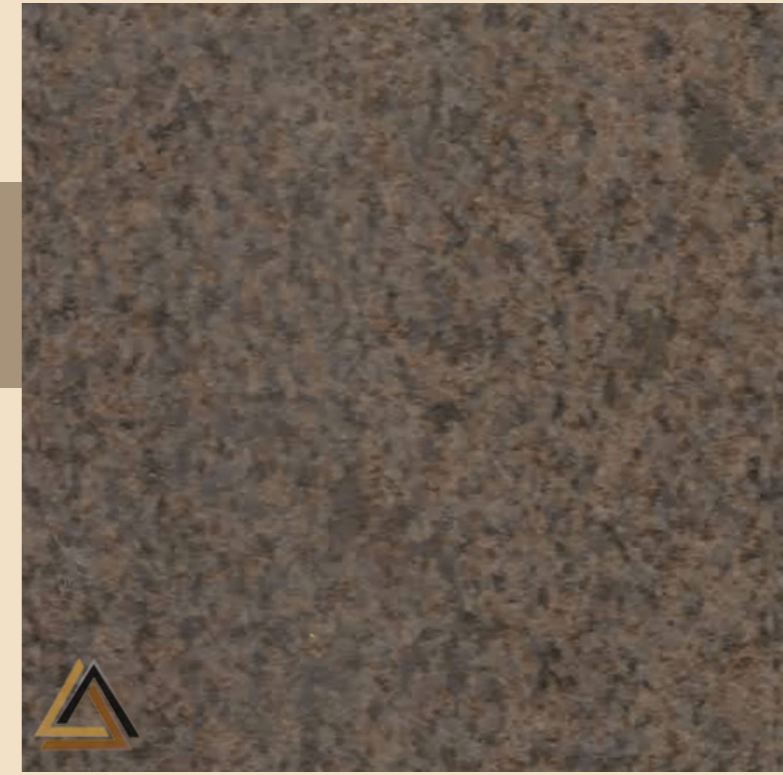

**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)

**Uniqeness:** Combines outstanding durability and slip resistance making it highly adaptable across design styles

### Applications:

Ideal for flooring (interior/exterior), wall cladding, staircases, countertops, facades, exterior paving, and commercial lobbies

# Brown Qusair

## Specifications:

### Visual Characteristics:

**Appearance:** Brown base with subtle black and grey mottling rich, earthy tone that adds depth and richness to surfaces

**Finish:** Polished, honed, brushed, sandblasted, bush-hammered, split face, antique/acid, flammed

**Pattern:** Fine-to-medium crystalline texture with speckling

### Physical Characteristics:

**Tile Size:** 30x60 cm, 60x60 cm, 60x120 cm, or cut-to-size

**Slab Thickness:** Commonly 2 cm and 3 cm (Customized)

**Uniqeness:** Offers outstanding strength and minimal water absorption, ideal for humid or outdoor environments

### Applications:

Great for wall and floor applications, countertops, mosaic work, fountains, pools, stairs, window sills, and decorative elements

# 04 Exporting Department

## How the process works?

### 1-Quarry Extraction

Large marble and granite blocks are extracted from natural quarries using wire saws, chainsaws, or explosives.

### 2-Block Inspection & Grading

Each block is inspected for cracks, color consistency, and graded by quality.

### 3-Production Process

Blocks are cut into slab, undergo finishing processes and thickness calibration ensuring uniform thicknesses, then the slabs are trimmed to the required dimension tiles with clean, straight edges

### 4-Quality Control

Each tile is checked for surface finish, strength, and uniformity.

### 5-Packaging

Tiles may be coated or sealed to protect from stains and moisture during transport, then packed in sturdy wooden crates with foam or plastic spacers to prevent breakage.

### 6-Shipping & Export Documentation

All export documents are prepared (invoice, packing list, certificate of origin), and goods are shipped to the destination port.
